White Team Beats Blue 20-8 In Intra-squad Game

BY: Rodney Aguzin
 The White squad of Bay High beat the Blue squad 20-8, in the annual intra-squad game played in tiger stadium.
 The game saw some good offense and defense, and was a preview of next year's team.
 The Blue squad drew first blood after each team went scoreless in the 1st quarter. Early in the 2nd quarter the Blues tackled Wendle Williams in the end zone to go ahead of the Whites 2-0. Less than 3:20 seconds later the Whites scored when Ed Herndon blocked the punt of Rodger Mayo on the Blue twenty yard line and Chip Prevou scooped up the ball and took it into the end zone, giving the Whites a 6-2 lead at the half.

As the second half got under way neither team could do much good until 4:07 showed on the scoreboard clock. Dick Kolstad then connected on a 69 yard pass play from quarterback Gary Blaise, giving the Whites a 16-2 lead. Dick Kolstad then booted the extra point and made the score 13-2. With 30 seconds left in the 3rd period, Steve Allain intercepted a Rodger Mayo aerial and scampered 30 yards to score. Dick Kolstad added the extra point from placement making the score 20-2, the Whites ahead.

With time running out in the game the Blue squad was not to be denied. With 1:09 left in the game Wayne Fillingame caught a pass from Mayo that was good for 15 yards and a score. The game ended with White squad on top 20-8. The games top ground gainer for the White squad was Nat Fairconnetu with 67 yards on 19 carries. Doug Bur ch and Robert McArthur was tops for the White team with 18 yards each.

Waveland Man Featured In National Fisherman

Jim Thomas Hall of 109 Terrace, Waveland, president and general manager of Hydraulic Enterprises, Inc., is the subject of a two-page article appearing in this month's edition of National Fisherman magazine.

Hall, a hydraulics engineer, has designed a revolutionary winch drive system that permits fishing boat operators to set deep water trawls by a simple flick of a small control lever. The entire trawl 'set' is made without employment of winch brakes and present users are describing the equipment as the biggest advance to deep water fishing operations for a decade.

Hall's system basically consists of a variable input pump coupled to a fishing vessel's main engine, driving a non-variable motor hooked to the winch drive pinion. When engaged, the motor discharges only the same amount of hydraulic oil as it receives, regardless of pressure on the pinion. This means that with continuous torque the winch drum can be controlled to any given number of revolutions per minute by regulating the amount of oil introduced into the non-variable drive motor.

Further the system permits alteration of main engine revolutions for maneuvering purposes without affecting the winch efficiency factor.

Although the system permits trawling to continue without benefit of winch dogs, present operations have included their employment. Skipper of the Virgil E., a Hall-equipped vessel working out of Paterson, La., Hall says he intends to experiment trawling without the use of winch dogs on his next trip. This will permit the trawl to 'creep' in the event of snagging while increased drag will engage the hydraulic cut-off line and subsequent noise will alert crew members to take counter gear destruction action.

WELL DONE
In India, a CARE project to build a well in a waterless, destitute village was at a standstill: the men had gone to other areas seeking work. When word spread, 3 volunteers—a watch repairman, bicycle repairman and an auto mechanic—moonlighted after their regular jobs in a nearby town, to drill the well and sink the shaft.

building program by the Navy Seabees was made by Mrs. Wilfred Collette of Biloxi, MCB 69 just completed their time working at the camp, and HCB 133 is now on the site completing the dam site overflow and spillways and final clearing of the lake. Construction of the Winterized Troop House has been programmed for February and March, with the site clearing now completed.

Summer camping sessions will begin June 15 and continue through August 1st, with three two week sessions and one one-week session planned. Miss Burns announced, Camp folders will be mailed out to Neighborhoods March 15 with all details and registration forms.

Bay Residents Have Part In St. Andrews on the Gulf

Hancock County can boast of having a part in the awesome multi-million dollar St. Andrews on the Gulf east of Ocean Springs.

Three Bay residents belong to the William G. Hincks family are active firm members of Industrial Chemical Company, general contractors for the installation of the giant apartment complex's swimming pool. Mrs. David Peranich, 108 Fox Dr., is Industrial's vice-president; Mrs. Sylvia Spratley, of Ladner Subdivision, office manager; and their brother, Robert Hincks, of St. George St., is a company foreman.

The pool, part of a \$100,000 recreation project for St. Andrews, will be the world's largest porcelain-on-steel swimming pool, and one of the largest of any type in the South, according to Industrial's General Manager Justin Lassabe. Construction is scheduled to begin immediately on the 5,000-foot Olympic pool, and is scheduled for completion in mid-May, making the pool available for early summer use. The recreation project will also include a separate wading pool, tennis and volleyball courts, and supplemental locker and shower facilities.

BAY ST. LOUIS, MISSISSIPPI 39520

PLACES OF INTEREST TO SEE DURING THE 1969 SPRING PILGRIMAGE

The Mississippi Gulf Coast Council of Garden Clubs presents its 21st Annual Pilgrimage. It is hoped that the public will enjoy the hospitality that is extended to them by the owners of these beautiful homes and gardens. These tours are free. The tour in Bay St. Louis and Waveland is set for 1 - 5 p.m. Wednesday, March 19th.

Hostesses at the homes and gardens for the annual spring Pilgrimage March 19 in Bay-Waveland area were announced this week.

At the first stop on the tour, the gardens of "Heimat Haus", home of Mr. and Mrs. Joel H. Conway, 148 Favre Street, Waveland, visitors will be greeted by Mesdames L.H. Ott, H.D. Ogden, Charles Lampe, P. H. Daniel, Reuben Gray, Frank Hille, Bryan Deane, W. W. Baiter and A. C. Mitchell and Misses Barbara Gray, Lisa Anne Kern and Alane Colson.

Mistotee, home of Mr. and Mrs. Charles H. Elliott, 813 Beach Blvd., second stop, guests will be welcomed by Mesdames E. N. Spence, George L. Seuzenseau, Jr., Chester Moore, John Wilkerson, C. R. Beyer and J. H. Plunkett and Misses Agnes and Elizabeth Wilkerson.

Women of the church will be hostesses at Christ Episcopal Church, third stop on the Pilgrimage; and at the fourth stop, First Presbyterian Church, Mrs. George M. Canaga and Mrs. O. J. Howe will serve as hostesses.

Mesdames Fred W. Dallas Jr., C. E. Lirette, John Stack and Phillip Scaffidi will greet guests at the home of Mr. and Mrs. Charles E. Bryan on Commagere Boulevard.

The tea and art exhibit climaxing the day's activities at Webb Community Center, Third Street, will be hosted by Mesdames Fred Wagner, William Friable, Horst Hehmann, John Hansell, Charles Cox, Thomas Kidd, Douglas Koger, M.L. Dodson, Travis Hensley and Henry Maggio.

The entrance hall of the center will feature a collection of valuable paintings loaned for the occasion.

The work of students, local Gulf Coast Artists, with a special showing of artistic talents of Garden members, sculptured items and some ceramics will be included in other exhibits.

Baptised Sunday

Leslie Maria Gleber, infant daughter of Mr. and Mrs. Matthew J. Gleber Jr., was baptized Sunday afternoon at Our Lady of the Gulf Catholic Church with the Rev. John Noone officiating. Godparents were Mr. and Mrs. Carlo Scaffidi.

A family reception followed the christening at the home of the parents.

TOPS Ladies

The Bay Winners Chapter of TOPS (Take Off Pounds Sensibly) Club held their monthly salad luncheon on March 4 at The Ramada Inn.

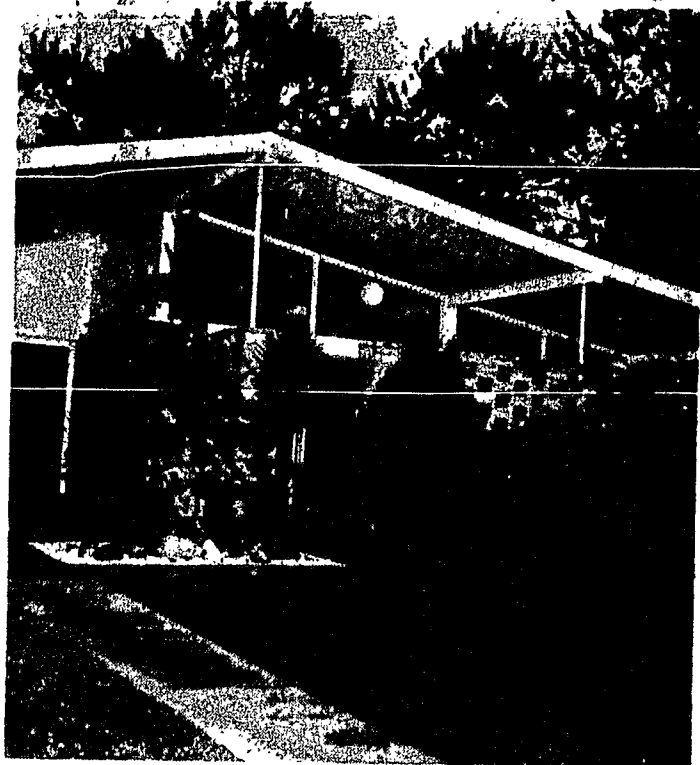

Mrs. B. A. Mutter was crowned queen of the month, with Mrs. Fred Herlitz runner-up. Mrs. Mutter won the Tape Measure contest and received a Gift Certificate from Millie's Beauty Parlor. Mrs. Mutter was also awarded her twenty pound charm. The total weight loss for the month of February was 20 1/2 pounds.

Ladies of the area interested in joining should call Mrs. B. A. Mutter or Mrs. Charles J. Ladner.

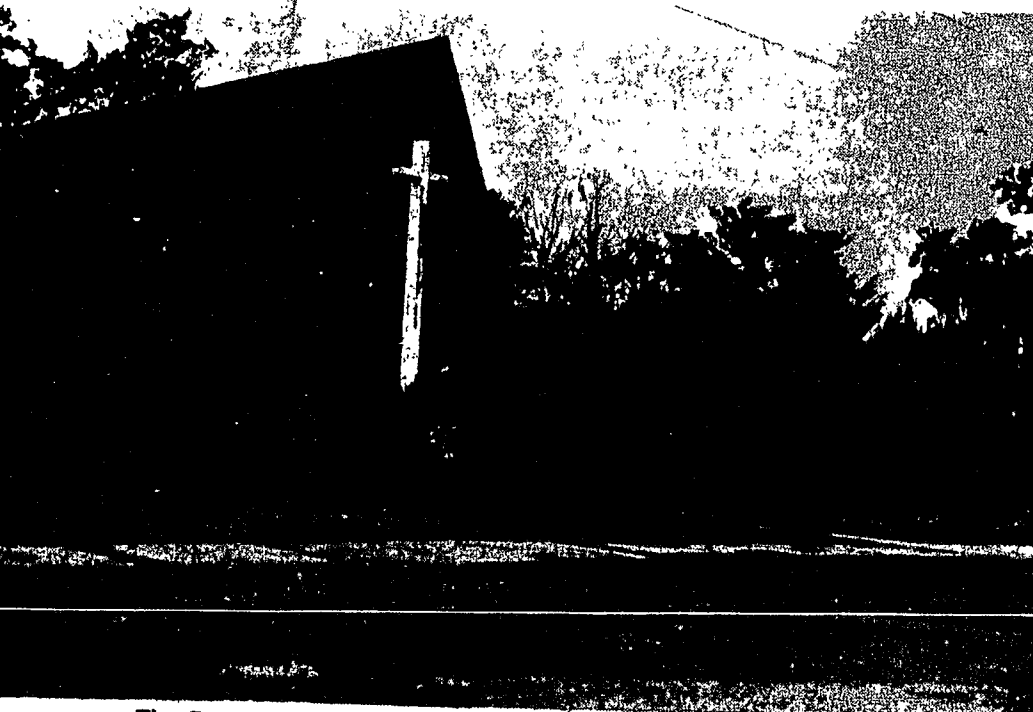

"Mistotee," the home of Mr. and Mrs. Charles H. Elliott of 813 Beach Blvd.

Built on property of an 1803 Spanish Land Grant, in an area once known as Juexville, the original house was built about 1835 of bricks made by slaves from the special type soil found on the grounds. The Elliotts have owned it four years and occupied it for two and have furnished it with beautiful antiques. Rumor has it that "Mistotee" has a ghost, and one is tempted to give some credence to the legend when its owners tell of unmistakable and inexplicably mysterious noises.

Mr. and Mrs. Charles E. Bryan's home on Commagere Blvd. in Bay St. Louis.

Uniquely different, this home is set like an oriental gem in beautifully landscaped gardens. Its talented and imaginative owners have cleverly adopted Chinese decor to a contemporary setting. From the Buddha guarding the front entrance, Mayan and Aztec and Oriental art objects are skillfully blended throughout the interior.

The First Presbyterian Church of Bay St. Louis, on Ulman Ave.

This beautiful church of contemporary styling was formally dedicated in the Spring of 1962 and is a monument to the consecrated effort and enthusiasm of its members. Designed by architect Kenneth Teague, a member of the church.

Webb Community Center, 300 Block of 3rd Street.

The members of the Bay-Waveland Junior Auxiliary (Prov.) have graciously offered to hostess a tea and art exhibit. The entrance hall of the Center will feature a collection of valuable paintings loaned for the occasion. Other exhibits will include the work of students, local Gulf Coast artists, with a special showing of the artistic talents of Garden Club members. Sculptured items, as well as some ceramics, will be included in this concluding event of the Pilgrimage.

Don't just sit there staring at the TV
and feeling forgotten. Call them.
They'll be glad you remembered.

The first trial of year that anyone possessing even the most infinitesimal amount of interest in the miracle of nature must find immensely frustrating. Even though spring is still a bit over a week away calendar-wise, it's been with us on and off and on basis for at least a month. One sees the symptoms underfoot and in almost every tree overhead, and naturally it's all but impossible to refrain from dashing out-of-doors and begin popping plants into the fertile appearing earth. However, remembering the loss of a number of promising tomato plants to an after St. Patrick's Day freeze last year, we're determined to await the appearance of two infallible signs that warm weather has come to stay. So, until we hear the first faint cry of the whip-poor-will in the night and actually see the pecan trees begin to bud, we'll limit our gardening to pulling weeds and preparing beds for planting. It may be more superstition than other birds or trees may be fooled by warm sunshine and balmy breezes, but at least in the many years we've spent on the coast, we've never known either of these omens to lead us astray. And as much as we loathe mentioning the little pests, the annual arising of gnats from their wintry beds hasn't occurred, and we can never recall a successful planting season when not plagued by the tiny terrors.

DON'T KNOW WHY we allowed ourselves to be led mentally astray upon such a tempting topic, for the only thing we're going to plant for a number of hours is words and we'd best begin doing just that.

ENCHILADAS, TACOS, chili beans, tamales and guacamole salad were featured on the delicious menu at the Mexican dinner dance Saturday night at Bay-Waveland Yacht Club. The Martinaires gave out with danceable rhythms and everyone said it was one of the better parties of the season. Virginia Miller was entertainment chairman; she was escorted by Elliott Locascio. Some others present were: Rosemary and Leroy McFarland, Jane Languirad, Kay Moss, Lydia Gardner, Mildred and Jack Rutledge, Nancy and Lucien Gex, Laurie and Dave Poindexter, Eve and C.C. McDonald, Jr., Georgia and Phil Williams, Winnie and Jack Holm, Faith and Doug Koger, Evelyn and Charlie Cox and guests Ingrid and Ed Ling who arrived Friday and returned to their Huntsville home on Tuesday. Also Joe and Omer de Bever, Elsie Leveau, Jackie and Hartwell Gex, Kay and Walter Gex, who drove down from Jackson; and Jody Gex and his fiancée, Jennie Alexander of Memphis; Pat and Sam Favre, Ruth and Rubie Griffin, Gloria and Red Reinking, Red presenting his version of the Mexican Hat Dance. And, Marion and Russell Elliott, Bay and Jim Swin, Mopey and Jack Manierian, Margaret Hadden, Paul Maloney, Linda and Tommy Kidd, Naomi and Hack Doyle, Jean Wood and Eleanor and John Hill.

ST. CLARE'S PAROCHIAL School tossed a banquet that would have done credit to Notre Dame when they passed out athletic awards for the very first time in the parish hall last Thursday night. Walls were decorated with colorful figures of boys and girls participating in various sports and elaborate table decor featured miniature goal posts and basketball goals surrounded by arrangements of pom poms. The speakers' table, beneath the school banner, was centered with red, white and blue flowers. Johnny Longo was chef supreme, preparing the main course, meatballs and spaghetti.

ACTING AS EMCEE, Jim Ford, introduced Brothers Lee and Phillip of St. Stanislaus, who made brief speeches much appreciated by the fledgling competitors, their parents and other guests. Other coaches Wendy Lyons, Paul Whitman, Ed Cunningham, John Hansell and Tommy Kidd were then presented trophies and Sr. Ruth, principal greeted the group, after which followed the most orderly presentation and reception of certificates, letters and megaphones to almost 100 youngsters, that we've ever seen. Walker Turcotte, basketball coach, and Sr. Ambrose, athletic director, presented trophies after making appropriate remarks and CYO members who aided adult coaches, were also recognized.

JUST SOME PRESENT included Mayors Garfield Ladner and Johnny Seafide; Sheriff and Mrs. Fred Curet, Nancy and Lucien Gex, Beattie and Jimmy De Blanc, Dee and Buddy Dodson; Dr. Dodson receiving certificates for sideline services and acceptance for Mr. Henry Maggior, who was unable to attend. Also, Juliet and Alvin Ladner, Betty and Donald Dorn, Grace and Sam Bordages, Claudia (Mrs. Frank) Klein, Joyce and Fritz Garcia, Kitty and Otto Mollere, Ann Shippey, Betsy Wolcott, Claire and Fred Bourgeois, Jean Longo, Louise Lynch, Elaine Colson, Beverly and Billy Zimmerman, Doris and Cliff Vogt, and Helen and Norman Carter. And wives of above mentioned coaches: Jane and Brewster Mollere, Mrs. A.G. Aguzin, Marion and Eddie Fayard (Eddie photographing the event); Jean and Jim Fusich, Betty and Lee Klein and many, many others. Libby Ferry headed volunteer baby sitters keeping their eyes on smaller children who played, drank punch and ate cookies during the ceremonies.

EDNA AND AL KLEIN-PETER had elaborate plans for celebrating their 23rd wedding anniversary last Wednesday, Feb. 26. At the last minute Al was told that he was one of the top Boeing technicians invited to watch the Apollo IX space takeoff from Cape Kennedy, so instead of dressing for a gay evening Edna found herself packing for her traveling husband. Undaunted, the Kleins postponed the celebration until after March 1, when their oldest son Bert was slated to complete his tour of duty with the U. S. Army and return to civilian life.

SPECULATION as to whom will rule as the fifth grand marshal at Saturday's St. Patrick's Day parade is currently a popular pastime. Joe Griffin

wore the towering green top hat the year the local wearing of the green was initiated. Bob Lucas was chosen the second year, Henry Develle was third leader of the group and Hack Doyle carried the shillelagh shaped sceptre in '68. The queen will be the Bay High senior from Waveland with the highest scholastic average and her maids will be chosen from runners-up.

THE TRADITIONAL corned beef and cabbage dinner will be served after the last marcher has passed and all profits go to local scout troops. A big dance at St. Clare's Parish hall will wind up the festivities.

A COUPLE OF apologies are in order. Bob Wade was actually the generous donor of all spiritos (Cont. on Page 4-B.)

TERRY SKANTZ, president; Betty Pernicaro, secretary; and Allette English, student council representative are the Freshman class officers at PRC getting ready to start the second semester. Betty, the daughter of Mr. and Mrs. Joseph Pernicaro of Bay St. Louis, is a math major.

Round the Kila

BY CLARE MITCHELL

Saturday, March 15th a basketball game (men and women) will be played in Association School gym, beginning at 7:30 p.m. Ladies and Kila will play. Any persons interested in playing, just be at the gym on Saturday night.

Girl Scout and Brownie troops from this area participated in the Edgewater Plaza "Girl Scout Day on the Mall". On Sunday they attended mass in a body at Annunciation Church.

Mr. Peck Mauffray and family wish to express their appreciation to all the friends and neighbors who came to their aid on Sunday when his mother's house caught on fire. The fire was put out quickly and damage was kept to a minimum in the kitchen area.

Deepest sympathy is extended to the family of Mrs. Sidney Bennett who passed away on Sunday after a brief illness.

Mrs. Chester Travica, Mrs. Effie Mazarakis, and Mrs. Oswald Laderer spent last week-end in Jackson. They attended the wedding of their great-niece, Miss Rebecca Joyce Burst to Harry Joseph Schoenbeck. Miss Burst's mother is the former Joyce Fuente, formerly of Kila. The wedding took place at the Co. Cathedral of St. Peter the Apostle in Jackson.

Speaks to OLG Group

Warren Carver, treasurer Bay-Waveland Credit Union, was guest speaker at Our Lady of the Gulf Women's Lay Apostolate meeting last Thursday in the Parish Hall.

Mr. Carver discussed membership expansion. Rt. Rev. Msgr. James J. Hannou, pastor, offered the opening and closing prayers and read a passage from the Bible.

The brief business session was conducted by Mrs. Stella Gex, president. Mesdames Lucien Gex and E. M. Brignac hosted the social hour.

gans, Lois and Ed hosted a spectacular sodic tale at their Long Beach home Saturday night. We'll have more details come next week. Of necessity, the column must be completed by Sunday, and we've no intention of calling anyone who participated in the celebration 'the morning after'.

MARGIA AND MAC McCur-

chun spent an unusually quiet weekend at home as Mac was recuperating from elbow surgery performed on Friday.

SORRY TO HEAR that

Elvire and Jerry Ross and family plan to move to Arizona at the end of the current school year.

GOOD NEWS for local un-

attached females. Ronnie Comeaux, an eligible bachelor who hails from Franklin, La., is now making his home in Waveland.

JOHNNY LEVENS moved

into his new Whispering Pines home accompanied by a number of beautiful chickens. One hundred to be specific! They're of the feathered variety and he keeps the tiny ones in cages in his utility room until they're old enough to join the rest of the flock on his chicken ranch.

A SPECIAL happy birthday wish goes to Mr. John W. Keller who popped a couple of corks on Tuesday, Mar. 11. According to his figures he's 39 once again!

THE FAMILY of Marion and John Cook, (Brig. Gen. U.S. Army retired), will enjoy their first real reunion in eight years over the weekend. Their oldest son Cmdr. John H. Cook, III, is coming in from Connecticut; he's executive officer of the Sam Houston Polar Bear submarine. Capt. William Cook, U.S. Army, will arrive from Ft. Sill, Okla., and Princey, who is so recent a bride as to still be called a newly-wed, will leave baseball camp husband, George Harrison in Jacksonville, Fla. Just long enough to spend a few days with her parents and brothers.

COMPLAINT DEPART-

MENT - A Cedar Point resident has requested that we remind readers to make sure garbage cans are tightly covered when put out for bi-weekly pick-ups. Dogs, and in some instances, large cats, overturn containers and the resulting unsightly debris fouls up the current anti-litter campaign before it really gets under way.

ANIMAL NOTES - Some

lucky feline fan may become owner of an ideal pet. One of our most devoted animal lovers has made arrangements to have a four year old female rendered neuter and ready for adoption within about ten days. The only stipulation is that she must be allowed to remain inside as she is completely housebroken. Her name is Anastasia Scarlett. For further information phone 467-4291 or 467-6062.

SIGHTS AND SOUNDS A-

LONG THE WAY - Kites of every shape, size and color sailing aloft as long as the March winds keep them airborne; fluffy, emerald green patches of clover appearing on lawns all over town; a group of teenagers clustered around a bonfire enjoying a pre-season beach party, and the sound of their voices intermingled with the music (?) emanating from the ever present transistor radios.

Sleep in Heavenly Peace

Peace is a baby sleeping. Peace is a walk in God's forests. Peace is gentle Love for one another. Great word . . . Peace! We see it in the newspapers, on T.V., in magazines beside horror pictures of war and carnage. But, Peace is not something outside ourselves. It is within. It is the quiet calmness of mind and soul, unperturbed, undismayed.

But it is difficult to acquire this frame of mind, this elusive state of soul, this tranquil spirit. To achieve it we need guidance and help, and therefore we turn to our Church. Here, one sets problems in order, sees difficulties in perspective and consults with one's Creator. Peace of heart is a two-way street—our way to God, and His way to us.

DEAN WEATHERS OF GULFPORT, MISS., IS SHOWN RECEIVING KEYS TO NEW CAR FROM LAMAR-LANE CHEVROLET SALESMAN JOHN GALLAGHER.

I live in Gulfport and decided to buy my wife a new car and tried to reason with dealers on the Coast. I just didn't seem to get the deal I wanted so I went over to Lamar-Lane Chevrolet in Bay St. Louis and within an hour John Gallagher had signed - sealed and delivered me a new car to the satisfaction of both of us. I recommend John Gallagher to all my friends. (A GERRY LANE ENTERPRISE) ADV.

KETCHUM

By L.S. (Dag) Ellis

The weather just won't get right for fishing, soft crabs or flowered. Too cold at night and early in the morning, up to about 90 degrees in mid afternoon.

All of the above sports are best when the water is warmer. Fish bite best, crabs shed back and flowered come into shallow water. Can't be much longer before things get right. By this time last year a lot of soft crabs were being caught.

As stated before soft crabs are in best during the months of March and April and wane off during the summer months.

A few fishermen have reported catching some fresh water fish but green trout and perch are not hitting as they should. Our old friend Dudley Heiliger, who is a good fisherman, said on his TV program Saturday evening over channel 13 that he and a buddy fished all day out at Cat Island and did not catch a fish. Something must be wrong, Dudley.

Most local streams are clear and fishing in the rivers and bayous should improve right along.

Was good news to hear that our fishing partner, Fred Garner, is improving. Will be in the hospital a little longer, however.

Spent a pleasant and profitable day fishing with Trevor Bird of Biloxi. Trevor loves fly fishing and casting. He came from Florida where the big ones are, so they say, but we caught our share "down this way."

Met Jim Mitchell of Gulfport. Jim loves his fishing, any old kind, and has a number of friends in this part of the woods. Looking for that fishing trip, Jim.

Was a pleasure to meet Joe Wittmann after a long time no see. Joe is the mayor of Pass Christian. He hunts and fishes when not too busy.

Jimmie Bobinger is a good guy to know when shopping at Wilson's tackle department in Gulfport. Jimmie fishes and hunts and knows a lot about what he sells.

One fisherman told us of catching perch using gum for bait when nothing else was available. Must be a sticky job

taking the fish off. Baited gun should swell 'em up.

For those who enjoy eating corn beef and cabbage, catching a good one, there will be a corn beef and cabbage dinner on March 18th at the Waveland Town Hall, benefit of the Boy Scouts. The time is 4 p.m. to 7 p.m. eat all you want at \$1.00 per plate. The scouts need the money and you need the scouts.

Have not heard from Dr. Emile Bertucci of late. Fresh water fish are hitting, Doc, better come on over.

Chester Bourgeois loves his fishing and hunting. Chester has taken up tickets on the Highway bridge for the past 16 years and claims to have paid the first quarter collected for bridge fee.

Lee Beard, of Long Beach, spends his offtime hunting and fishing. He is good at both sports.

If you haven't done so there is a treat in store for you at the Fishing Arena at Biloxi on the Poppa Ferry road at Hattiesburg where you can fish any day of the week between the hours of six and ten at night indoors when the weather is haywire outside. Poles and tackle can be rented, there is plenty of bait on hand and a snack bar at your service. Merv Alward is owner.

Bob Dahlstrom is a new fisherman in our midst. He has moved back to the Bay and from now on will be after the finny tribe.

Ray Garner is a good barometer as far as fishing goes. Ray goes quite often and knows how and where to catch fresh water fish. He has made some nice catches recently.

Using a cast net is an art of a lot of fishermen. Speckles, mullets, and most other varieties of fish are caught with

SPORTSMAN OF THE WEEK SYLVESTER (Dodo) GUAGLIARDO is another of our local sportsmen who loves his fishing and hunting. Dodo as he is better known, when not repairing shoes takes to the outdoors.

Played golf and did a little fishing while in Biloxi last week. Visited our daughter Mrs. Howard Duff and the kids.

Now it is the time to start that summer garden. It's fun to watch vegetables grow and one way to beat the high cost of living. Conrad Sick has tomato, pepper and eggplants, etc. ready to put out.

A soft ball tournament is in progress at the Kiln. Anthony's beat the Trapani team Sunday at the start of the tourney.
